beats
a little
faster

I felt
my heart

But they're
the type to
always get their
brow all wrinkly

I really like
hardworking
people

'Cause
y'see,

So I want
to make
them
smile

and
always end up
muttering 'cause
of that

I
We're

the
same

That's
exactly

The
kind
of idol

I always
wanted
to
become

"They're the
type to get
their brow
all wrinkly"

"I find
myself wishing
I could be more
like you"

The
one
whose
face

so
that's
how it
was

Ahh,

Nozomi
really
wanted
to put
a smile on
was
.....

So
maybe
someday

After the
wrinkles in that
straight-laced
girl's brow have
disappeared

and put a
smile on
everybody's
faces.

I could sing
and dance
together with
Nazami

Until
then

Afterword

Hello, Might Shiganai here

How did you like my NozoNico book, "UNI+?"

Well I say NozoNico, but it's pretty exclusively on Nico's side... (bitter laugh)

I found myself thinking, that out of all of u's, the one whose relationship with Nico is closest to ideal, as I see it, is Nozomi

I wanted to draw something to get that thought across, resulting in this story

About the story's title, "UNI+"

The word 'un' on its own means 'alone' But by adding different endings to it, you can get new words

un+ti becomes 'unit',

un+on becomes 'union',

and un+son becomes 'unison'...

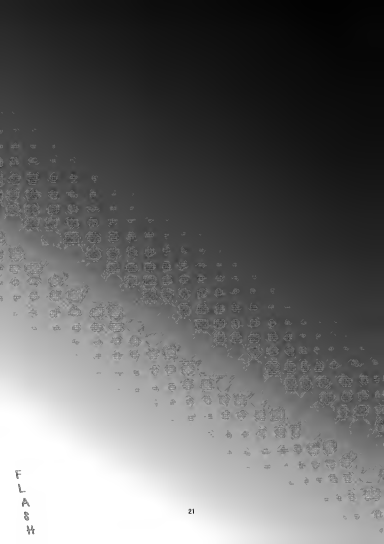

Like that, you can break away from the solitude

I felt that fit this story well I'd be happy if you felt the same

With that, thank you for reading, and may we all have a good year
